

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Meyer & Katherine Abarbanel
DOCKET NO.: 12-00157.001-R-1
PARCEL NO.: 05-17-276-007

The parties of record before the Property Tax Appeal Board are Meyer & Katherine Abarbanel, the appellants; and the Boone County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Boone** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,666
IMPR: \$128,667
TOTAL: \$150,333

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Boone County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story dwelling of brick construction with 3,792 square feet of living area. The dwelling was constructed in 1995. The home features a 3,001 square foot basement, which has 2,469 square foot of finished area. Other features include central air conditioning, three fireplaces and a 922 square foot attached

garage. The property has a 65,340 square foot site and is located in Belvidere, Belvidere Township, Boone County.

The appellant, Meyer Abarbanel, appeared before the Property Tax Appeal Board contending assessment inequity regarding the subject's improvement assessment as the basis of the appeal. In support of this argument the appellants submitted information on seven equity comparables that had improvement assessments ranging from \$19.90 to \$29.13 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$25.98 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,333. The subject property has an improvement assessment of \$128,667 or \$33.93 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on twelve equity comparables that had improvement assessments ranging from \$24.42 to \$35.55 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of improvement assessment equity to be the board of review's comparables #2, #7, #9 and #10. These comparables had improvement assessments that ranged from \$27.22 to \$34.62 per square foot of living area. The subject's improvement assessment of \$33.93 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified. The Board gave less weight to the remaining comparables due to their dissimilar age, size and basement finish when compared to the subject.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
