

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Crest Builders, Inc.
DOCKET NO.: 12-00207.001-R-1
PARCEL NO.: 17-08-15-202-013

The parties of record before the Property Tax Appeal Board are Crest Builders, Inc., the appellant; and the Kankakee County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kankakee** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 19,621
IMPR.: \$ 90,279
TOTAL: \$109,900

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kankakee County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story masonry dwelling that has 2,857 square feet of living area. The dwelling was constructed in 2005. Features include a full unfinished basement, central air conditioning, a fireplace and a 728 square foot attached garage. The subject property is located in Bourbonnais Township, Kankakee County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming assessment inequity as the basis of the appeal. In support of the inequity claim, the appellant submitted limited information on four assessment comparables located in close proximity to the subject. The comparables were reported to consist of part one-story and part two-story dwellings of frame, masonry or frame and masonry exterior construction that were 6 to 10 years old. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 2,610 to 2,812 square feet of living area and have improvement assessments ranging from

\$70,745 to \$83,630 or from \$26.92 to \$29.74 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$109,900. The subject property has an improvement assessment of \$90,279 or \$31.60 per square foot of living area. In support of the subject's assessment, the board of review submitted an equity analysis of four comparables located in close proximity to the subject. The comparables consist of part one-story and part two-story dwellings of masonry exterior construction that were built in 2004 or 2005. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 2,854 to 3,057 square feet of living area and have improvement assessments ranging from \$93,746 to \$104,140 or from \$30.67 to \$35.12 per square foot of living area.

The board of review also submitted property record cards and a corrected grid analysis of the appellant's comparables. This evidence shows comparable #1 is a tri-level style dwelling; all the comparables are of frame exterior construction; and comparables #2 and #3 have unfinished basements. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains seven assessment comparables for the Board's consideration. The Board gave less weight to comparable #1 submitted by the appellant due to its dissimilar tri-level design when compared to the subject. The Board finds the remaining five comparables are more similar when compared to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$75,238 to \$104,140 or from \$28.83 to \$35.12 per square foot of living area. The subject property has an improvement assessment of \$90,279 or \$31.59 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
