

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eric Hanelt
DOCKET NO.: 12-00886.001-R-1
PARCEL NO.: 14-27-201-027

The parties of record before the Property Tax Appeal Board are Eric Hanelt, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$3,110
IMPR.: \$8,993
TOTAL: \$12,103**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Peoria County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick construction with 700 square feet of living area. The dwelling was constructed in 1925. Features of the home include a full unfinished basement, central air conditioning and a 240 square

foot detached garage. The property has a .09-acre site and is located in Peoria, Richwoods Township, Peoria County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,140. The subject's assessment reflects a market value of \$45,561 or \$65.09 per square foot of living area, land included, when using the 2012 three year average median level of assessment for Peoria County of 33.23% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales.

Under rebuttal, the appellant argued the subject was a bank "repo" purchased for \$26,000. In addition, the appellant argued the board of review's comparables were superior to the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's comparable sales. These most similar comparables sold for prices ranging from \$32.94 to \$52.03 per square foot of living area, including land. The subject's assessment reflects a market value of \$65.09 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified. The Board gave less weight to the board of review's comparables due to the lack of a basement foundation or additional finished basement area, unlike the subject.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
