

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Antonia Carillo
DOCKET NO.: 12-02201.001-R-1
PARCEL NO.: 03-18-202-003

The parties of record before the Property Tax Appeal Board are Antonia Carillo, the appellant, by attorney Jerri K. Bush, in Chicago; and the Kendall County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Kendall** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 19,223
IMPR.: \$ 60,999
TOTAL: \$ 80,222

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kendall County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story frame dwelling that contains 2,726 square feet of living area. The dwelling was built in 2002. Features include an unfinished basement, a fireplace, and a 420 square foot garage. The subject property

has a 12,636 square foot site. The subject property is located in Oswego Township, Kendall County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming the subject's assessment was not reflective of market value. In support of this argument, the appellant submitted limited information for three suggested comparable sales located from .08 to .24 of a mile from the subject. The comparables had varying degrees of similarity when compared to the subject. They sold from November 2011 to June 2012 for prices ranging from \$180,000 to \$225,100 or from \$67.64 to \$79.54 per square foot of living area including land.

Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject property's final assessment of \$80,222 was disclosed. The subject's assessment reflects an estimated market value of \$241,197 or \$88.48 per square foot of living area including land when applying Kendall County's 2012 three-year average median level of assessment of 33.26%. 86 Ill.Admin.Code §1910.50(c)(1).

In response to the appeal, the board of review submitted a detailed analysis of three suggested comparable sales located in close proximity to the subject. The comparables had varying degrees of similarity when compared to the subject. They sold from October 2011 to October 2012 for prices ranging from \$250,000 to \$267,000 or from \$84.43 to \$96.22 per square foot of living area including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof.

The parties submitted six suggested comparables sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. All the comparables have smaller sites than the subject. Furthermore, the appellant failed to disclose the comparables' exterior construction and foundation type in comparison to the subject, which further detracts from the weight of the evidence. The Board finds the comparable sales submitted by the board of review are more similar to the subject in location, design, age, dwelling size, land area and features when compared to the subject. These comparables sold from October 2011 to October 2012 for prices ranging from \$250,000 to \$267,000 or from \$84.43 to \$96.22 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$241,197 or \$88.48 per square foot of living area including land, which is supported by the most similar comparable sales contained in this record. Therefore, no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
