

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Exon
DOCKET NO.: 12-02258.001-R-1
PARCEL NO.: 05-25-104-028

The parties of record before the Property Tax Appeal Board are Daniel Exon, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,657
IMPR.: \$41,929
TOTAL: \$55,586

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story dwelling of frame construction with 1,908 square feet of living area. The dwelling was constructed in 1999. Features of the home include an unfinished basement, central air conditioning and an attached 420 square foot garage. The

property has an 8,712 square foot site and is located in Round Lake, Grant Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,586. The subject property has an improvement assessment of \$41,929 or \$21.98 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on six equity comparables.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 due to its smaller size, when compared to the subject. The Board finds the remaining eight comparables are very similar to the subject in style, age, size and features. These comparables had improvement assessments that ranged from \$18.16 to \$22.52 per square foot of living area. However, the Board finds that board of review comparables #1 and #4 are located on the same street as the subject, which makes these two comparables more similar to the subject in location. These two comparables had improvement assessments of \$21.67 and \$22.09 per square foot of living area. The subject's improvement assessment of \$21.98 per square foot of living area falls within the improvement assessments of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the

Docket No: 12-02258.001-R-1

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
