

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Rock
DOCKET NO.: 12-03002.001-R-1
PARCEL NO.: 16-29-415-004

The parties of record before the Property Tax Appeal Board are Nancy Rock, the appellant, by attorney Margaret E. Graham, of McCracken, Walsh & de LaVan in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,079
IMPR.: \$59,190
TOTAL: \$91,269

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1.75-story single family dwelling of wood siding exterior construction with 1,837 square feet of living area. The dwelling was constructed in 1910. Features of the property include an unfinished basement and a detached garage with 400 square feet of building area. The

property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with one 2-story dwelling and two 1.75-story dwellings that range in size from 1,779 to 1,836 square feet of living area. The dwellings were constructed from 1910 to 1949. Each comparable has a basement, one fireplace and a one-car garage. These properties have improvement assessments ranging from \$45,203 to \$53,914 or from \$25.27 to \$29.45 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$51,591.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$91,269. The subject property has an improvement assessment of \$59,190 or \$32.22 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with three 1.75-story dwellings and two 1.5-story dwellings that ranged in size from 1,651 to 1,965 square feet of living area. Each comparable has an unfinished basement, one comparable has central air conditioning, three comparables each have one fireplace and each comparable has a detached garage that range in size from 298 to 528 square feet of building area. The comparables have improvement assessments ranging from \$65,801 to \$81,157 or from \$33.51 to \$45.61 per square foot of living area. The board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 and the board of review comparables. These comparables had improvement assessments that ranged from \$25.27 to \$45.61 per square foot of living area. The subject's improvement assessment of \$32.22 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to appellant's comparable #3 due to differences from the subject in age. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
