

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Carroll  
DOCKET NO.: 12-03269.001-R-1  
PARCEL NO.: 09-12-104-024

The parties of record before the Property Tax Appeal Board are Thomas Carroll, the appellant, by attorney Eli R. Johnson of Robert H. Rosenfeld & Associates, LLC in Chicago, and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:       \$86,980  
IMPR:       \$373,050  
TOTAL:      \$460,030**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part two-story, part three-story and part one-story dwelling of brick construction with 3,597 square feet of living area. The dwelling was constructed in 2005. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and an

attached three-car garage. The property has a 9,814 square foot site and is located in Hinsdale, Downers Grove Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within one-mile of the subject property. Based on this evidence, the appellant requested a total assessment of \$396,869 which would reflect a market value of approximately \$1,190,607 or \$331 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$460,030. The subject's assessment reflects a market value of \$1,380,642 or \$383.83 per square foot of living area, land included, when using the 2012 three year average median level of assessment for DuPage County of 33.32% as determined by the Illinois Department of Revenue.

In response to the appellant's evidence, the Downers Grove Township Assessor contended that the appellant's comparables were not located in the subject's neighborhood code as assigned by the township assessor.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located in the same neighborhood code assigned by the assessor as the subject property. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's

comparable #2 and board of review comparable #4 as each of these homes was constructed in 2011 and sold in that same year, presumably as new construction, as compared to the subject dwelling was built in 2005.

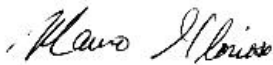

The Board finds the best evidence of market value to be appellant's comparable sales #1 and #3 along with board of review comparable sales #1, #2 and #3. These comparables range in size from 3,472 to 4,108 square feet of living area and feature similar amenities such as basements, air conditioning, multiple fireplaces and three-car garages. These most similar comparables sold between May 2011 and January 2012 for prices ranging from \$316 to \$472 per square foot of living area, including land, rounded. The subject's assessment reflects a market value of \$1,380,642 or \$383.83 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
