

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anis Kassim
DOCKET NO.: 12-03414.001-R-1
PARCEL NO.: 06-20-301-062

The parties of record before the Property Tax Appeal Board are Anis Kassim, the appellant, by attorney William I. Sandrick of the Sandrick Law Firm LLC, in South Holland, and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$49,190
IMPR: \$127,410
TOTAL: \$176,600**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick construction with 4,438 square feet of living area. The dwelling was constructed in 2009. Features of the home include a full unfinished basement, central air conditioning, two

fireplaces and an attached two-car garage.¹ The property has an 11,177 square foot site and is located in Lombard, York Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$530,000 as of January 1, 2011. Based on this evidence, the appellant requested an assessment reflective of the appraised value.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$188,980. The subject's assessment reflects a market value of \$567,167 or \$127.80 per square foot of living area, land included, based on 4,438 square feet of living area and when using the 2012 three year average median level of assessment for DuPage County of 33.32% as determined by the Illinois Department of Revenue.

In response to the appellant's appraisal evidence, the board of review erroneously contended that the appraisal was prepared for a lender/client related to a mortgage finance transaction. The board of review also noted that the effective date of the appraisal was one year prior to the assessment date at issue of January 1, 2012.

In support of its contention of the correct assessment the board of review submitted information on two comparable sales, one of which was appraisal sale #1 and the other of which occurred in September 2009. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

¹ The assessing officials report the subject has a three-car garage, but the photographic evidence of the dwelling does not support that contention.

The Property Tax Appeal Board has given no weight to board of review comparable sale #2 that occurred in September 2009, as the date is remote in time from the valuation date of January 1, 2012 and thus less likely to be indicative of the subject's estimated market value. Additionally, the Board finds that reiterating appraisal sale #1 does not adequately dispute the assertion of market value set forth in the appellant's appraisal report.

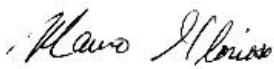

The Board finds the best evidence of market value to be the appraisal submitted by the appellant with an estimated market value of \$530,000. The subject's assessment reflects a market value of \$567,167 or \$127.80 per square foot of living area, including land, which is above the appraised value. The Board finds the subject property had a market value of \$530,000 as of the assessment date at issue. Since market value has been established the 2012 three year average median level of assessments for DuPage County of 33.32% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(1)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
