

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Candace Buchbinder
DOCKET NO.: 12-20038.001-R-1
PARCEL NO.: 16-07-216-001-0000

The parties of record before the Property Tax Appeal Board are Candace Buchbinder, the appellant, by attorney Julie Realmuto of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,256
IMPR.: \$ 38,718
TOTAL: \$ 46,974

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of stucco exterior construction with 2,115 square feet of living area. The dwelling is approximately 101 years old. Features of the home include a partial unfinished basement, one fireplace and a two-car detached garage. The property has an 8,600 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property

under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of stucco exterior construction that ranged in size from 1,978 to 2,180 square feet of living area. Each comparable had a basement, one comparable had central air conditioning and each had a fireplace. These properties had improvement assessments ranging from \$17,592 to \$34,335 or from \$8.89 to \$15.75 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$30,689.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,974. The subject property has an improvement assessment of \$38,718 or \$18.31 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of stucco exterior construction that ranged in size from 1,994 to 2,178 square feet of living area. The dwellings ranged in age from 97 to 108 years old. Each comparable had a full unfinished basement, one fireplace and a two-car garage. The comparables had improvement assessments ranging from \$40,075 to \$42,269 or from \$18.40 to \$20.65 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Although the parties submitted comparables improved with dwellings generally similar to the subject dwelling, the Board finds the best evidence of assessment equity was presented by

the board of review. The board of review indicated that each of its comparables had a two-car garage whereas the appellant failed to disclose if her comparables had garages. The board of review comparables had improvement assessments that ranged from \$18.40 to \$20.65 per square foot of living area. The subject's improvement assessment of \$18.31 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
