

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Katz
DOCKET NO.: 12-20039.001-R-1
PARCEL NO.: 16-18-218-021-0000

The parties of record before the Property Tax Appeal Board are Richard Katz, the appellant, by attorney Julie Realmuto of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$3,468
IMPR.: \$26,947
TOTAL: \$30,415**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story single family dwelling of frame construction with 1,140 square feet of living area. The dwelling is approximately 99 years old. Features of the home include a full unfinished basement and a two-car detached garage. The property has a 4,625 square foot site and is located in Oak Park, Oak Park Township, Cook County. The

subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with a 1-story dwelling and three 1½-story dwellings that ranged in size from 1,270 to 1,408 square feet of living area. Three of the comparables have basements and one comparable has central air conditioning. The comparables have improvement assessments ranging from \$22,935 to \$23,429 or from \$16.64 to 18.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,415. The subject property has an improvement assessment of \$26,947 or \$23.64 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story dwellings of frame construction that ranged in size from 1,080 to 1,182 square feet of living area. The dwellings ranged in age from 95 to 103 years old. Each comparable had a full unfinished basement and a two-car garage. These properties had improvement assessments ranging from \$23.73 to \$24.15 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be comparables submitted by the board of review. These properties were improved with dwellings most similar to the subject in style, size and features. The board of review comparables had improvement assessments that ranged from \$23.73 to \$24.15 per

square foot of living area. The subject's improvement assessment of \$23.64 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
