

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Travis Harvey  
DOCKET NO.: 12-20040.001-R-1  
PARCEL NO.: 16-05-312-015-0000

The parties of record before the Property Tax Appeal Board are Travis Harvey, the appellant, by attorney Julie Realmuto of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,677  
IMPR.: \$22,286  
TOTAL: \$24,963**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is described as being improved with a one-story dwelling of masonry construction with 969 square feet of living area.<sup>1</sup> The dwelling is approximately 46 years old. Features of the property include a full unfinished basement and

a two-car detached garage. The property has a 3,150 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on two equity comparables.<sup>2</sup> The comparables were improved with one-story dwellings of stucco or frame construction that have 968 and 950 square feet of living area. The dwellings were 100 and 98 years old. The comparables have improvement assessments of \$20,614 and \$19,955 or \$21.30 and \$16.59 per square foot of living area, respectively. The appellant requested the subject's improvement assessment be reduced to \$10,320.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,963. The subject property has an improvement assessment of \$22,286 or \$23.00 per square foot of living area.<sup>3</sup> In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story dwellings that ranged in size from 828 to 960 square feet living area. These properties ranged in age from 86 to 100 years old. These properties each have a full unfinished basement and a one-car or two-car garage. Two comparables have central air conditioning. These comparables have improvement assessments ranging from \$18,711 to \$21,235 or from \$20.79 to \$23.65 per square foot of living area.

### Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this

<sup>3</sup> The board of review indicated the subject property had an exemption.

burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five comparables submitted by the parties that were all improved with one-story dwellings with similar features as the subject property. Each comparable, however, was older than the subject dwelling. Nevertheless, these comparables had improvement assessments that ranged from \$16.59 to \$23.65 per square foot of living area. The subject's improvement assessment of \$23.00 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
