

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peggy Wilson
DOCKET NO.: 12-20150.001-R-1
PARCEL NO.: 16-08-119-015-0000

The parties of record before the Property Tax Appeal Board are Peggy Wilson, the appellant, by attorney Julie Realmuto of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$7,182
IMPR.: \$27,985
TOTAL: \$35,167**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame construction with 1,770 square feet of living area. The dwelling is approximately 120 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a two-car detached garage. The property has a 10,260 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-

05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables were improved with two-story dwellings of frame construction that ranged in size from 1,726 to 2,547 square feet of living area. The dwellings ranged in age from 103 to 112 year old. Three comparables had basements, two comparables had central air conditioning and one comparable had a fireplace. The comparables had improvement assessments ranging from \$23,211 to \$36,585 or from \$12.64 to \$14.36 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$24,019.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,167. The subject property has an improvement assessment of \$27,985 or \$15.81 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of frame construction that ranged in size from 1,671 to 1,838 square feet of living area. The dwellings ranged in age from 113 to 121 years old. Each comparable had a full basement with one being finished with a recreation room, three comparables each had one fireplace and three comparables each had a two-car garage. The comparables had improvement assessments ranging from \$31,081 to \$34,123 or from \$18.24 to \$19.21 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 and board of review comparables #1, #2 and #4 as they were most similar to the subject in size, features and age. These comparables had improvement assessments that ranged from \$13.45 to \$19.21 per square foot of living area. The subject's improvement assessment of \$15.81 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
