

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arthur Bowers
DOCKET NO.: 12-20152.001-R-1
PARCEL NO.: 10-24-406-004-0000

The parties of record before the Property Tax Appeal Board are Arthur Bowers, the appellant, by attorney Julie Realmuto in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,232
IMPR.: \$ 25,077
TOTAL: \$ 33,309

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1.5-story dwelling of masonry construction with 1,612 square feet of living area. The dwelling is approximately 87 years old. Features of the property include a full unfinished basement and a two-car detached garage. The property has an 8,900 square foot site and is located in Evanston, Evanston Township, Cook County. The

subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant completed the assessment grid analysis of the appeal using three purported comparables. However, the appellant's evidence disclosed that appellant's comparables #1 and #2 have consecutive street addresses, consecutive parcel numbers (PINs) and copies of the photographs for each comparable depict the same dwelling indicating this building has a pro-rated assessment over the two PINs. The two comparables are improved with a 1.5-story dwelling and a one-story dwelling that have 1,466 and 1,533 square feet of living area and are 70 and 72 years old, respectively. Each comparable has a basement and one comparable has a fireplace. The comparables have improvement assessments of \$27,769 and \$20,541 or \$18.94 and \$13.40 per square foot of living area, respectively. The appellant requested the subject's improvement assessment be reduced to \$16,797.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,309. The subject property has an improvement assessment of \$25,077 or \$15.56 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two 1-story dwellings and two 1.5-story dwellings of masonry construction that range in size from 1,629 to 1,776 square feet of living area. The dwellings range in age from 82 to 88 years old. Each comparable has a full unfinished basement, one comparable has central air conditioning, three comparables each have one fireplace and three comparables have a 1-car, 2-car or 2.5-car garage. These properties have improvement assessments ranging from \$27,160 to \$30,457 or from \$16.34 to \$17.15 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and

lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 and board of review comparables #3 and #4, which were most similar to the subject in style. These comparables had improvement assessments that ranged from \$16.34 to \$18.94 per square foot of living area. The subject's improvement assessment of \$15.56 per square foot of living area falls below the range established by the best comparables in this record. Less weight was given the remaining comparables because they differ from the subject in style. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
