

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: J. Finer
DOCKET NO.: 12-20156.001-R-1
PARCEL NO.: 05-33-411-056-0000

The parties of record before the Property Tax Appeal Board are J. Finer, the appellant, by attorney Julie Realmuto in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,993
IMPR.: \$40,601
TOTAL: \$45,594

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story single family dwelling of frame construction with 1,542 square feet of living area. The dwelling is approximately 87 years old. Features of the property include a full unfinished basement, one fireplace and a one-car detached garage. The property has a 4,250 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-05 property

under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of frame construction that range in size from 1,552 to 1,914 square feet of living area and in age from 84 to 112 years old. Each comparable has a basement, once comparable has central air conditioning and three comparables have fireplaces. Their improvement assessments range from \$33,270 to \$42,998 or from \$21.19 to \$22.50 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$33,770.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,594. The subject property has an improvement assessment of \$40,601 or \$26.33 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of frame or masonry construction that ranged in size from 1,488 to 1,620 square feet of living area. Each comparable has a full basement with one having a recreation room, one fireplace and a one-car garage. These properties have improvement assessments ranging from \$41,795 to \$46,120 or from \$27.05 to \$28.52 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 and the comparables submitted by the

board of review as these comparables were most similar to the subject in size and age. These comparables had improvement assessments that ranged from \$21.44 to \$28.52 per square foot of living area. The best comparable in the record was board of review comparable #4 that had an improvement assessment of \$27.53 per square foot of living area. The subject's improvement assessment of \$26.33 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
