

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pedro Muniz  
DOCKET NO.: 12-20713.001-R-1  
PARCEL NO.: 16-20-224-017-0000

The parties of record before the Property Tax Appeal Board are Pedro Muniz, the appellant, by attorney Julie Realmuto of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,864  
IMPR.: \$7,036  
TOTAL: \$9,900**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a one-story dwelling of masonry construction with 1,325 square feet of living area. The dwelling is approximately 59 years old. Features of the property include a full basement finished with a recreation room, central air conditioning and a two-car garage. The property has a 4,092 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a

class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with one-story dwellings of masonry construction that ranged in size from 1,048 to 1,184 square feet of living area. The dwellings range in age from 56 to 93 years old and each has an unfinished basement. The comparables have improvement assessments that range from \$742 to \$4,350 or from \$.71 to \$3.67 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$2,094.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,900. The subject property has an improvement assessment of \$7,036 or \$5.31 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables of masonry construction that ranged in size from 1,231 to 1,513 square feet of living area. The dwellings range in age from 71 to 84 years old. Each comparable has a full basement with two being finished, one comparable has central air conditioning and each comparable has a two-car garage. The comparables have improvement assessments that range from \$8,812 to \$10,104 or from \$6.68 to \$7.34 per square foot of living area.

#### Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be board of review comparables #1 through #3 which are most similar

to the subject in size and relatively similar to the subject in features in that each has a two-car garage and two of the comparables have finished basements. These comparables have improvement assessments that range from \$6.91 to \$7.34 per square foot of living area. The subject's improvement assessment of \$5.31 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
