

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carl Reina
DOCKET NO.: 12-20730.001-R-1
PARCEL NO.: 16-19-313-022-0000

The parties of record before the Property Tax Appeal Board are Carl Reina, the appellant, by attorney Julie Realmuto in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$3,978
IMPR.: \$17,199
TOTAL: \$21,177**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story multi-family dwelling of masonry construction with 3,127 square feet of living area. The dwelling was approximately 65 years old. Features of the property include a full basement finished with an apartment and a two-car garage. The property has a 4,080 square foot site and is located in Berwyn, Berwyn Township, Cook County. The subject is classified as a class 2-11 apartment

building under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two 2-story buildings and two 1-story buildings of masonry construction that ranged in size from 2,398 to 3,618 square feet of building area. The buildings ranged in age from 60 to 85 years old. Three of the comparables had basements with one being finished, two comparables had central air conditioning and one comparable had a fireplace. The comparables had improvement assessments ranging from \$1,722 to \$9,582 or from \$.61 to \$2.71 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$3,940.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,177. The subject property has an improvement assessment of \$17,199 or \$5.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story buildings of masonry construction that ranged in size from 3,085 to 3,104 square feet of living area. The comparables ranged in age from 63 to 69 years old and had the same neighborhood code and classification code as the subject property. Each comparable had a full basement finished with an apartment and a two-car garage. These properties had improvement assessments ranging from \$17,729 to \$20,083 or from \$5.73 to \$6.47 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The board of review comparables were most similar to the subject in age, style, size and features. These comparables had improvement assessments that ranged from \$5.73 to \$6.47 per square foot of living area. The subject's improvement assessment of \$5.50 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
