

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: J. Laasch
DOCKET NO.: 12-20756.001-R-1
PARCEL NO.: 28-29-403-019-0000

The parties of record before the Property Tax Appeal Board are J. Laasch, the appellant, by attorney Julie Realmuto in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,051
IMPR.: \$15,790
TOTAL: \$25,841

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a multi-level single family dwelling of frame and masonry construction with 1,298 square feet of living area. The dwelling is approximately 33 years old. Features of the home include a partial basement finished with a recreation room, central air conditioning, one fireplace and a two-car attached garage. The property has a 30,927 square foot site and is located in Tinley Park, Bremen

Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three purported equity comparables. However, comparables #2 and #3 have the same address, consecutive parcel numbers (PINs), the same dwelling description and copies of photographs depict the same dwelling for each comparable. The Board finds comparables #2 and #3 are improved with one dwelling with a pro-rated improvement assessment over two PINs. The two comparables presented by the appellant are improved with multi-level dwellings of frame or frame and masonry construction that have 1,356 and 1,300 square feet of living area, respectively. The dwellings are 39 and 41 years old and each has a partial basement. These properties have improvement assessments of \$8,975 and \$17,764 or \$6.62 and \$13.66 per square foot of living area, respectively. The appellant requested the subject's improvement assessment be reduced to \$8,865.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,841. The subject property has an improvement assessment of \$15,790 or \$12.16 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with multi-level dwellings of frame or frame and masonry construction that ranged in size from 1,150 to 1,273 square feet of living area. The dwellings ranged in age from 38 to 48 years old. Each comparable had a partial basement finished with a recreation room, three comparables had central air conditioning and three comparables each had a two-car garage. The comparables had improvement assessments that ranged from \$15,259 to \$18,503 or from \$12.37 to \$14.64 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three

comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #2/#3 and board of review comparables #2, #3 and #4. These comparables had improvement assessments that ranged from \$12.37 to \$13.66 per square foot of living area. The subject's improvement assessment of \$12.16 per square foot of living area falls below the range established by the best comparables in this record. Less weight was given appellant's comparable #1 as it appears to be an outlier with an improvement assessment of \$6.62 per square foot of living area, which is significantly below that of the other comparables in the record. The Board gave less weight to board of review comparable #1 due to differences from the subject in age and features. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
