

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Chismudy  
DOCKET NO.: 12-20759.001-R-1  
PARCEL NO.: 28-09-104-003-0000

The parties of record before the Property Tax Appeal Board are Paul Chismudy, the appellant, by attorney Julie Realmuto in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,502  
**IMPR.:** \$26,387  
**TOTAL:** \$31,889

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 1.5-story dwelling of frame and masonry construction with 2,695 square feet of living area. The dwelling is approximately 25 years old. Features of the home include a partial unfinished basement, central air conditioning, one fireplace and a 2.5-car garage. The property has a 20,010 square foot site and is located in Midlothian, Bremen Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this

argument the appellant submitted information on three equity comparables improved with one-story dwellings of frame, masonry or frame and masonry construction that range in size from 2,483 to 2,933 square feet of living area. The dwellings were either 6 or 49 years old. These comparables had improvement assessments ranging from \$16,799 to \$17,481 or from \$5.96 to \$6.77 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$16,574.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,889. The subject property has an improvement assessment of \$26,387 or \$9.79 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two 1-story dwellings and two 1.5-story dwellings of masonry or frame and masonry construction that ranged in size from 2,231 to 3,098 square feet of living area. The dwellings ranged in age from 15 to 24 years old. Two comparables had basements with one being finished, three comparables had central air conditioning each comparable had one fireplace and three comparables had either a 2-car or a 3-car garage. These properties had improvement assessments ranging from \$21,924 to \$30,680 of from \$9.79 to \$11.86 per square foot of living area.

#### Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be comparables #1 and #4 submitted by the board of review. These comparables were most similar to the subject in style, age and features. These two properties had improvement assessments of \$9.83 and \$11.86 per square foot of living area. The subject's improvement assessment of \$9.79 per square foot of living area falls below that established by the best comparables in this record. Less weight was given the remaining comparables submitted by the parties as they differed from the subject property in style, age and/or features. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
