

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Holup  
DOCKET NO.: 12-20761.001-R-1  
PARCEL NO.: 28-30-106-007-0000

The parties of record before the Property Tax Appeal Board are Charles Holup, the appellant, by attorney Julie Realmuto in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,621  
**IMPR.:** \$9,112  
**TOTAL:** \$17,733

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a one-story dwelling of frame construction with 1,126 square feet of living area. The dwelling is approximately 62 years old. Features of the property include a slab foundation and a two-car garage. The property has a 26,528 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two 1-story dwellings and two 1.5-story

dwellings of frame construction that ranged in size from 1,162 to 1,404 square feet of living area. The dwellings ranged in age from 40 to 62 years old. Three comparables each had an unfinished basement and two of the comparables had central air conditioning. The comparables had improvement assessments ranging from \$1,929 to \$4,530 or from \$1.66 to \$3.23 per square foot of living area. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$2,725.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,733. The subject property has an improvement assessment of \$9,112 or \$8.09 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story dwellings of frame construction that ranged in size from 1,008 to 1,184 square feet of living area. The comparables ranged in age from 60 to 81 years old. One comparable had a full unfinished basement, two comparables had central air conditioning and each comparable had a two-car garage. Three of the comparables were described as being located in the same block as the subject property and each comparable had the same neighborhood code as the subject property. The comparables had improvement assessments ranging from \$10,489 to \$11,616 or from \$9.70 to \$11.17 per square foot of living area.

#### Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be board of review comparables #1 through #3 as these comparables were most similar to the subject in location and also similar to the subject in age, size and features. These comparables had improvement assessments that ranged from \$9.70 to \$11.17 per square foot of living area. The subject's improvement assessment of \$8.09 per square foot of living area falls below the range established by the best comparables in this record. Less weight was given the remaining comparables due to location, style, age, size and/or features. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
