

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Campagne  
DOCKET NO.: 12-20772.001-R-1  
PARCEL NO.: 28-31-301-059-0000

The parties of record before the Property Tax Appeal Board are Charles Campagne, the appellant, by attorney Julie Realmuto in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:       \$565**  
**IMPR.:     \$19,354**  
**TOTAL:     \$19,919**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction with 1,800 square feet of living area. The dwelling is approximately 15 years old. Features of the dwelling include a slab foundation, central air conditioning and a two-car garage. The property has a 1,739 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-95 individually owned townhome or row house under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant completed Section V - Comparable

Sales/Assessment Equity Grid Analysis using four purported comparables. However, appellant's comparables #2 and #3 had the same address, consecutive parcel numbers (PINs) and identical improvement descriptions indicating these PINs are improved with one dwelling with the improvement assessment allocated between the two parcels. The three comparables submitted by the appellant are improved with two-story dwellings of frame and masonry construction that have either 1,718 or 2,172 square feet of living area. The dwellings are 4 and 20 years old. Each comparable has a basement with three being partially finished, each comparable has central air conditioning and one comparable has a fireplace. These comparables have improvement assessments ranging from \$248 to \$22,650 or from \$.14 to \$13.18 per square foot of living area. The appellant requested the subject's improvement be reduced to \$11,862.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,919. The subject property has an improvement assessment of \$19,354 or \$10.75 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story frame and masonry constructed dwellings each with 1,800 square feet of living area. Each dwelling was 15 years old. The comparables are located within the same block and along the same street as the subject property. Each comparable has the same amenities as the subject property and an improvement assessment of \$10.75 per square foot of living area.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be comparables submitted by the board of review as these properties area most similar to the subject in location, age, size and features. These comparables each had an improvement assessment of \$10.75 per square foot of living area. The subject's improvement assessment of \$10.75 per square foot of living area is supported by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
