

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jigisha Patel
DOCKET NO.: 12-20783.001-R-1
PARCEL NO.: 10-36-206-042-1017

The parties of record before the Property Tax Appeal Board are Jigisha Patel, the appellant, by attorney Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 376
IMPR.: \$1,624
TOTAL: \$2,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a residential condominium unit contained in a 64 year-old, residential condominium building. The property has an 18,633 square foot site and is located in Rogers Park Township, Cook County. The subject is classified as a Class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information disclosing the subject property was purchased on September 16, 2010 for a price of \$20,000. The appellant also submitted a PTAX-203 real estate transfer declaration and incomplete information in Section IV – Recent Sale Data of the Residential Appeal that the subject was purchased on September 16, 2010 for the price of \$20,000 from CitiMortgage, Incorporated. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when using the 2012 level of assessment of 10.00% for

Class 2 property under the Cook County Real Property Assessment Classification Ordinance. The evidence also disclosed that the subject property would not be occupied by the owner.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,971. The subject's assessment reflects a market value of \$129,710 when applying the 2012 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted a condominium analysis with information on suggested comparable sales for 20 units in the building that sold in 2008 for a total of \$3,508,000. The board of review applied a 2.00% market value reduction to the subject for personal property without further evidence to arrive at an adjusted market value of \$3,437,840 of the 20 units sold. The board of review disclosed the units sold consisted of 32.56% of all units in the building. The result was a full value of the property at \$10,558,477. Since the subject was 1.686% of all the units in the building, the board of review suggested the market value of the subject to be \$178,016.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in September 2010 for a price of \$20,000. The appellant provided evidence demonstrating the sale had the elements of an arm's-length transaction. The appellant submitted partial information in Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related. In further support of the transaction, the appellant submitted a copy of a real estate transfer tax declaration. The Board finds the board of review did not present any evidence to challenge the arm's-length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The 20 sales submitted by the board of review were from 2008 and, therefore, not recent. Based on this record the Board finds the subject property had a market value of \$20,000 as of January 1, 2012 and that a reduction in the subject's assessment is justified. Since market value has been determined, the 2012 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
