

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Samuel Milstein  
DOCKET NO.: 12-22238.001-R-1  
PARCEL NO.: 05-31-201-045-0000

The parties of record before the Property Tax Appeal Board are Samuel Milstein, the appellant, by Julie Realmuto, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$6,699**  
**IMPR: \$27,284**  
**TOTAL: \$33,983**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry construction. The dwelling is approximately 56 years old and has 1,821 square feet of living area. Features of the home include a crawl-space foundation, central air conditioning and a one-car garage. The property has a 7,656 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three purported equity comparables. Evidence submitted by the appellant indicates that comparables #2 and #3 are actually the same dwelling with an improvement assessment

allocated between the two parcels. These comparables have the same street address; consecutive parcel identification numbers; and identical improvement descriptions. Moreover, photographs of these comparables depict the same home.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,983. The subject property has an improvement assessment of \$27,284 or \$14.98 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

#### Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of six suggested equity comparables. The appellant's comparable #1 received reduced weight in the Board's analysis because it had an improvement assessment that was an outlier at \$2.01 per square foot of living area.<sup>1</sup> Board of review comparable #1 differed from the subject in design, age and living area and also received reduced weight. The Board finds the best evidence of assessment equity to be board of review comparable #4. This property was the only comparable in the record to have a crawl-space foundation like the subject, and it was also similar in design, location, age and living area. As further support, appellant's comparable #2/3 and board of review comparables #2 and #3 were also similar to the subject in location, design, exterior construction, age and living area. These comparables had improvement assessments that ranged from \$15.63 to \$18.60 per square foot of living area. The subject's improvement assessment of \$14.98 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

---

<sup>1</sup> On the appellant's grid analysis, comparable #1 was described as having a 1,587 square foot site that was improved with a one-story dwelling having 2,187 square feet of living area.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
