

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Xiangling Sun
DOCKET NO.: 12-22840.001-R-1
PARCEL NO.: 14-19-420-017-0000

The parties of record before the Property Tax Appeal Board are Xiangling Sun, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,250
IMPR.: \$22,374
TOTAL: \$33,624

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 114-year-old, 1.5-story dwelling of frame construction with 1,982 square feet of living area. Features of the home include a full basement and a two-car garage. The property has a 3,125 square foot site and is located in Lake View Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation and assessment inequity. In support of the overvaluation argument, the appellant submitted evidence disclosing the subject property was purchased on April 13, 2011 for a price of \$347,000. In addition, the appellant submitted information on 32 suggested equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,962. The subject's assessment reflects a market value of \$443,364 or \$223.70 per square foot of living area, land included, when using the 2012 three year median level of assessments for class 2 property of 9.69% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables. In addition, the board of review's evidence reflected the subject's 2011 sale for \$347,000.

In written rebuttal, appellant's counsel argued that the board of review failed to address the market value argument. Counsel also argued that the board of review failed to provide evidence challenging the arm's length nature of the 2011 transaction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April, 2011 for a price of \$347,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for three months. In further support of the transaction the appellant submitted a copy of the settlement statement and an affidavit signed by the appellant affirming the information provided for in Section IV of the appeal. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. Based on this record the Board finds the subject property had a market value of \$347,000 as of January 1, 2012. Since market value has been determined the 2012 three year median

level of assessments for class 2 property of 9.69% shall apply.
86 Ill.Admin.Code §1910.50(c)(2). After a reduction in the
assessment, the Board finds the subject property to be equitably
assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
