

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alexa Hand  
DOCKET NO.: 12-23645.001-R-1  
PARCEL NO.: 05-35-107-035-0000

The parties of record before the Property Tax Appeal Board are Alexa Hand, the appellant, by attorney Julie Realmuto of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,059  
**IMPR.:** \$28,106  
**TOTAL:** \$30,165

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction with 1,426 square feet of living area. The dwelling is 53 years old. Features of the home include a slab foundation and central air conditioning. The property has a

1,177 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. The appellant did not contest the subject's land assessment. In support of this argument the appellant submitted information on four equity comparables. The comparables range in size from 1,435 to 1,715 square feet of living area and are 58 or 61 years old. The appellant failed to disclose the comparables foundation types.

The appellant's evidence included photographs of three additional homes; however, the only information helpful in analyzing these properties was their square feet of living area and their assessments.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,165. The subject property has an improvement assessment of \$28,106 or \$19.71 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that contain 1,280 or 1,426 square feet of living area and are 53 or 56 years old.

#### Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables were most similar to the subject in foundation type and other features.

The Board gave less weight to the appellant's comparables due to their foundation types not being disclosed. In addition, the appellant's comparables #1 and #2 are considerably larger than the subject. The best comparables had improvement assessments of \$20.22 to \$20.88 per square foot of living area. The subject's improvement assessment of \$19.71 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
