

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karen Lasch
DOCKET NO.: 12-23795.001-R-1
PARCEL NO.: 14-07-401-021-0000

The parties of record before the Property Tax Appeal Board are Karen Lasch, the appellant(s), by attorney David C. Dunkin, of Arnstein & Lehr, LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,890
IMPR.: \$65,110
TOTAL: \$75,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,718 square feet of living area. The dwelling is nine years old. Features of the home include a full basement, central air conditioning, three fireplace and a two-car garage. The property has a 3,804 square foot site and is located in Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on December 20, 2010 for a price of \$679,500, or \$250.00 per square foot of living area, including land. The appellant's evidence includes a settlement statement that indicates the seller of the subject property is Fifth Third Mortgage Company. The appellant also submitted a Multiple Listing Service printout that indicates the subject was sold in an "as-is" condition and an "REO/ Lender Owned- Pre-

foreclosure" property. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect 10% of the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,000. The subject's assessment reflects a market value of \$750,000 or \$275.94 per square foot of living area, land included, when using the 2012 level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The sale prices range from \$296.03 to \$329.54 per square foot of living area, including land. The board also submitted a supplemental brief that argues the sale of the subject is a compulsory sale. The board's evidence includes a warranty deed, PTAX-203 Transfer Declaration, and a recent sale history of the subject. The evidence states a lis pendens was placed on the property by HSBC Bank in October 2009. HSBC Bank conveyed the subject to the appellant in December 2010.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the sale of the subject in December 2010 for a price of \$679,500 was a "compulsory sale in the form of a foreclosure sale. A "compulsory sale" is defined as:

the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete. 35 ILCS 200/1-23.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party. Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so. Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 2011 IL App (2d) 100068, ¶ 36 (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill.App.3d 207, 211 (2d Dist. 1979)).

However, when there is a recent sale of the subject, and that sale is a compulsory sale, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. See 35 ILCS 200/16-183 ("The Property Tax Appeal Board shall

consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer."). Such evidence can include the descriptive and sales information for recently sold properties that are similar to the subject. See Id.

In this case, the board of review submitted four comparable sales. These comparables range in sale price from \$296.03 to \$329.54 per square foot of living area, including land. The subject's sale price of \$250.00 per square foot of living area is below the range of these comparables. In addition, the subject's assessment reflects a market value of \$275.94 per square foot of living area which is below the range established by these comparables. Based on this record the Board finds the subject's sale price is not representative of the subject's fair cash value. Since there is no evidence that the sale price of the subject is at its fair cash value, the Board finds the subject is not overvalued and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
