

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Wade  
DOCKET NO.: 12-23945.001-R-1  
PARCEL NO.: 05-07-304-025-0000

The parties of record before the Property Tax Appeal Board are Matthew Wade, the appellant, by attorney Leonard Schiller, of Schiller Strauss & Lavin PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 49,299  
**IMPR.:** \$ 170,701  
**TOTAL:** \$ 220,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 45 year-old, two-story dwelling of frame and masonry construction containing 6,098 square feet of living area. Features of the home include a partial unfinished basement, central air conditioning, three fireplaces and a three-car garage. The property has a 35,854 square foot site and is located in New Trier Township, Cook County. The property is a Class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was sold by Republic Bancorp Company to the appellant on April 19, 2012 through a realtor for a price of \$2,200,000. The appellant also submitted a real estate contract with various riders to purchase the subject in an "as is" condition, and partial information in Section IV - Recent Sale Data of the Residential Appeal that the subject was purchased in April 2012 for the price of \$2,200,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when using the 2012 three-year average median level of assessment for Class 2 property as determined by the Illinois Department of Revenue.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$220,000. The subject's assessment reflects a market value of \$2,270,382 or \$372.32 per square foot of living area, when using the board of review's indicated size of 6,098 square feet and when using the 2012 three-year average median level of assessment of 9.69% for Class 2 property as determined by the Illinois Department of Revenue. The subject's sale price of \$2,200,000 reflects a market value of \$360.77 per square foot of living area including land.

In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales that sold from January 2011 through May 2011 for prices ranging from \$376.69 to \$879.16 per square foot of living area including land. The board of review also submitted a brief arguing the subject was not sold in an arm's-length transaction and was, therefore, a compulsory sale. The board of review attached to its brief: 1) a Notice of Foreclosure of the subject filed and recorded by Republic Bancorp Company against Barrett Moore, et al. on December 3, 2009; 2) an Order Approving Report of Sale and Distribution for the subject to deliver a deed to Republic Bank arising from a Judgment of Foreclosure; 3) a Trustee's Deed for the subject from grantor Republic Bank to grantees Matthew Wade and Kate Wade.

In rebuttal, the appellant argued that the comparables submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics. The appellant reaffirmed the request for an assessment reduction.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable

sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in April 2012 for \$2,200,000 is a "compulsory sale." A "compulsory sale" is defined as:

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

However, when there is a recent sale of the subject, and that sale is a compulsory sale, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. See 35 ILCS 200/16-183. In this case, the appellant did not submit additional sale comparables to show that the sale of the subject in April 2012 for \$2,200,000 was at its fair cash value. Moreover, the board of review submitted sale comparables. These comparables contained property characteristics similar to the subject's and sold for prices ranging from \$376.69 to \$879.61 per square foot of living area, including land. The subject's assessment reflects a market value of \$372.32 per square foot of living area including land, which is below the range established by the best comparable sales in this record. Further, the board of review's sale comparables establish that the subject's purchase price was below its fair cash value. Since there is no supporting evidence that the sale price of the subject was at its fair cash value, the Board finds that the subject is not overvalued and holds that a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
