

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Srinivas Reddy
DOCKET NO.: 12-24737.001-R-1
PARCEL NO.: 20-11-109-041-1026

The parties of record before the Property Tax Appeal Board are Srinivas Reddy, the appellant, by attorney Leonard Schiller, of Schiller Strauss & Lavin PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,419
IMPR: \$4,686
TOTAL: \$6,105

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a residential condominium unit contained in a 119 year-old, three-story residential condominium building of masonry construction containing 1,300 square feet of living area. Features of the home include a central air conditioning and a one-car parking space. The property has a 32,085 square foot site and is located in Hyde Park Township, Cook County. The property is a Class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$63,000 as of January 1, 2012. The appellant requested a total assessment reduction to \$5,978 based on the 2012 three-year average median level of assessment for Class 2 property as determined by the Illinois Department of Revenue. (86 Ill.Admin.Code §1910.50(c)(2)).

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,923. The subject's assessment reflects a market value of \$143,684 when applying the 2012 three-year average median level of assessment of 9.69% for Class 2 property as determined by the Illinois Department of Revenue. (86 Ill.Admin.Code §1910.50(c)(2)).

In support of its contention of the correct assessment, the board of review submitted a condominium analysis with information on suggested comparable sales for five units in the building that sold from 2007 through 2013 for a total of \$684,000. The board of review applied a 2.00% market value reduction to the subject for personal property without further evidence to arrive at an adjusted market value of \$670,320 of the five units sold. The board of review disclosed the units sold consisted of 15.046% of all units in the building. The result was a full value of the property at \$4,455,137. Since the subject was 3.686% of all the units in the building, the board of review suggested the market value of the subject to be \$164,210.

In rebuttal, the appellant argued that the comparables submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics and were based on raw, unadjusted sales data. The appellant reaffirmed the request for an assessment reduction based on the 2012 three-year average median level of assessment of 9.69% for Class 2 property as determined by the Illinois Department of Revenue. (86 Ill.Admin.Code §1910.50(c)(2)).

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the

subject property had a market value of \$63,000 as of the assessment date at issue. Since market value has been established, the 2012 three-year average median level of assessment of 9.69% for Class 2 property as determined by the Illinois Department of Revenue shall apply, in accord with the appellant's request. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
