

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CPV LLC  
DOCKET NO.: 12-25298.001-R-1 through 12-25298.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are CPV LLC, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
12-25298.001-R-1	25-08-425-026-0000	780	2,584	\$3,364
12-25298.002-R-1	25-08-425-027-0000	780	456	\$1,236

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame construction with 1,082 square feet of living area. The dwelling is 94 years old. Features of the home include a full unfinished basement and a two-car garage. The property has two parcels of land that total 6,050 square feet of land area. The subject is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on July 27, 2011 for a price of \$36,000, plus the \$10,000 renovation prior to occupancy. In support of the subject's sale the appellant submitted a copy of the settlement statement and an affidavit from the appellant's agent.

The appellant also submitted a grid analysis of four comparable sales. The sales occurred from November 2010 to September 2012 for prices ranging from \$35,000 to \$55,000 or from \$30.04 to \$51.12 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduction in the subject's assessment to \$3,250.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,705. The subject's assessment reflects a market value of \$107,050 or \$98.94 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The sales occurred from May 2009 to December 2011 for prices ranging from \$105,000 to \$175,500 or from \$80.96 to \$173.42 per square foot of living area, including land.

Based on this evidence the board of review requested the subject's assessment remain the same.

The appellant submitted a rebuttal brief critiquing the board of review's submission and requesting the appeal be written on the evidence in the record.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in July 2011 for a price of \$36,000, plus the renovation amount of \$10,000, which was spent before occupying the property on December 1, 2011. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service (MLS) and it had been on the market for 6 days. The appellant disclosed a renovation expenditure of \$10,000 in Section IV - Recent Sale Data of the appeal. In further support of the transaction the appellant submitted a copy of the settlement statement and an affidavit from the appellant's agent. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave less weight to the parties' comparable sales evidence, as this evidence does not overcome the weight of the subject's arm's-

length sale transaction. Based on this record, the Board finds a reduction in the subject's assessment is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
