

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vista Investment Partners, LLC
DOCKET NO.: 12-25308.001-R-1
PARCEL NO.: 20-28-337-014-0000

The parties of record before the Property Tax Appeal Board are Vista Investment Partners, LLC, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,336
IMPR.: \$7,264
TOTAL: \$8,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family dwelling of frame and masonry construction with 2,373 square feet of living area. The dwelling is 7 years old and has a slab foundation. The property has a 2,227 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 apartment building property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on December 29, 2011 for a price of \$86,000. The appellant's evidence included a copy of the Settlement Statement for the subject property and an affidavit from the appellant. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,630. The subject's assessment reflects a market value of \$146,300 or \$61.65 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted a grid analysis containing four comparable sales that occurred from April to November 2010 for prices ranging from \$150,000 to \$299,000. The board of review's evidence included a brief, which revealed the subject's 2012 sale was a short sale, the property was the subject of a foreclosure proceeding prior to its sale and was a distressed sale.

The appellant submitted a rebuttal brief critiquing the board of review's submission.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in December 2011 for a price of \$86,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold by a Realtor, the property had been advertised on the open market with the Multiple Listing Service (MLS) and the property was on the market for 160 days. In further support of the transaction the appellant submitted a copy of the Settlement Statement, which disclosed the amount of Broker Fee's paid at closing. The Board finds the purchase price is below the market value reflected by the assessment. The Board further finds that the board of review's assertion that the subject's sale was not of an arm's length nature is not supported by the evidence in this record. Even though the subject was a short sale and the subject of a foreclosure proceeding, the Board finds the subject was advertised on the real estate market and the transaction was reflective of market value. Finally, the Board finds the board of review submitted no direct evidence to support the assertion that the subject was sold under duress. The Board gave less weight to the board of review's comparable sales due to their sale dates occurring greater than 13 months prior to the assessment date at issue. Based on this record, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
