

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shabir Hussain
DOCKET NO.: 12-25690.001-R-1
PARCEL NO.: 02-06-113-015-0000

The parties of record before the Property Tax Appeal Board are Shabir Hussain, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,248
IMPR.: \$50,072
TOTAL: \$58,320

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,888 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a three-car garage. The property has a 12,220 square foot site and is located in Barrington, Palatine Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence disclosing the subject property was purchased on April 16, 2010 for a price of \$480,000. The appellant's evidence of the subject's sale included a copy of the settlement statement. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,801. The subject's assessment reflects a market value of \$668,010 or \$171.81 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales.

The appellant submitted a rebuttal brief critiquing the board of review's submission, arguing the board of review did not dispute the recent arm's length purchase and requesting the appeal be written on the evidence in the record.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant argued the subject is over assessed based on the subject's April 2010 sale for \$480,000. In support of this argument, the appellant partially completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related and the property was sold by a realtor, however, the appellant failed to disclose the length of time the subject was marketed. The Property Tax Appeal Board's appeal form requires Section IV be completed when arguing overvaluation based on a recent sale. Furthermore, the Board finds the subject's April 2010 sale date is not recent, when arguing overvaluation as of the January 1, 2012 assessment date at issue. The appellant submitted a copy of the settlement statement, however, this document does not disclose whether the property was marketed and the length of market exposure, which is an important element of determining whether an arm's length transaction occurred. Likewise, the Board gave less weight to the board of review's comparables #2 and #3 due to their older sale date occurring greater than 32 months prior to the assessment date at issue. Therefore, the Board gave some weight to the appellant's purported arm's length sale occurring April 2010 sale and the board of review's remaining comparable that sold June 2010. Based on this record the Board finds the subject's assessment is not reflective of a market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
