

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sally Schoch  
DOCKET NO.: 12-26046.001-R-1  
PARCEL NO.: 05-33-409-003-0000

The parties of record before the Property Tax Appeal Board are Sally Schoch, the appellant, by attorney David C. Dunkin of Arnstein & Lehr, LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,562  
**IMPR.:** \$42,446  
**TOTAL:** \$56,008

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one and one-half story dwelling of frame construction. The dwelling is approximately 84 years old and has 2,298 square feet of living area. Features of the home include a partial unfinished basement, a fireplace and a two-car garage. The property has an 8,750 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that sold from March to June 2012 for prices that ranged from \$425,000 to \$550,000 or from \$170.19 to \$238.40 per square foot of living area, land included.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,741. The subject's assessment reflects a market value of \$606,202 or \$263.80 per square foot of living area, including land, when applying the 2012 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.69% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables.

The appellant's attorney submitted a rebuttal brief.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in the record was submitted by the appellant. The Board finds the appellant's comparable sale #3 was most similar to the subject in age and living area and was also very similar in location, construction and foundation. This comparable sold in May 2012 for a price of \$238.40 per square foot of living area, including land. The subject's assessment reflects a market value of \$263.80 per square foot of living area, including land, which is above the market value of the best comparable sale in this record. Based on this evidence, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
