

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Christy
DOCKET NO.: 12-26062.001-R-1
PARCEL NO.: 26-06-403-032-0000

The parties of record before the Property Tax Appeal Board are Nick Christy, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,500
IMPR.: \$21,500
TOTAL: \$25,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story mixed-use building with 9,792 square feet of building area. The building is 117 years old and has a full unfinished basement and central air conditioning. The property has a 7,000 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted limited information on three comparable sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,634. The subject's assessment reflects a market value of \$296,340 or \$30.26 per square foot of building area, including land, when applying the level of

assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on two equity comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be appellant's comparable sale #2. This comparable sold for a price of \$190,000 or \$26.04 per square foot of building area, including land. The subject's assessment reflects a market value of \$30.26 per square foot of building area, including land, which is above the market value of the best comparable sale in this record. The Board gave less weight to the appellant's remaining sales due to their occurrence greater than 31 months prior to the assessment date at issue. The Board gave less weight to the two equity comparables submitted by the board of review, as this evidence is not responsive to the overvaluation argument brought by the appellant. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
