

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pinehurst Series Greenside Properties LLC
DOCKET NO.: 12-28002.001-R-1
PARCEL NO.: 26-07-147-004-0000

The parties of record before the Property Tax Appeal Board are Pinehurst Series Greenside Properties LLC, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,404
IMPR.: \$10,597
TOTAL: \$12,001

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry construction with 2,194 square feet of living area. The dwelling is 86 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 3,510 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence disclosing the subject property was purchased on July 31, 2012 for a price of \$30,000. The appellant's evidence of the subject's sale included a copy of the settlement statement and an affidavit from the buyer's agent.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,001. The subject's assessment reflects a market value of \$120,010 or \$54.70 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The appellant submitted a rebuttal brief critiquing the board of review's submission, arguing that the board of review's comparables are located from 4 to 6 miles from the subject and requesting the appeal be written on the evidence in the record.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the board of review's comparable sales. These comparables were similar to the subject in style, exterior construction, size, age and features. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$190,000 to \$278,000 or from \$91.83 to \$116.89 per square foot of living area, including land. The subject's assessment reflects a market value of \$120,010 or \$54.70 per square foot of living area, including land, which falls below the range of the best comparable sales in this record. The Board gave little weight to the subject's sale due to the lack of information as to the length of time the property was exposed on the open market. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold by a realtor and the property had been advertised on the open market with the Multiple Listing Service (MLS), however, the appellant entered "unsure" as to the name of the realtor and the length of time the subject was marketed. The appellant submitted a copy of the settlement statement and an affidavit from the buyer's agent, however, neither of these documents discloses the length of market exposure, which is an important element of determining whether an arm's length transaction occurred. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
