

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lionel Osaghae  
DOCKET NO.: 12-28003.001-R-1  
PARCEL NO.: 20-26-105-002-0000

The parties of record before the Property Tax Appeal Board are Lionel Osaghae, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,500  
**IMPR.:** \$11,776  
**TOTAL:** \$14,276

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one and one-half story dwelling of frame and masonry construction with 2,379 square feet of living area. The dwelling is 88 years old. Features of the home include a full unfinished basement, a fireplace and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence disclosing the subject property was purchased on July 30, 2009 for a price of \$43,000. The appellant's evidence of the subject's sale included a copy of the Settlement Statement and an affidavit from the appellant. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,276. The subject's assessment reflects a market value of \$142,760 or \$60.01 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

The appellant submitted a rebuttal brief critiquing the board of review's submission, arguing the board of review's comparables are superior to the subject and requesting the appeal be written on the evidence in the record.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the board of review's comparable sale #4. This comparable was similar to the subject in age, size and features. This property also sold more proximate in time to the assessment date at issue than did the subject. The comparable sold for a price of \$218,500 or \$107.95 per square foot of living area, land included. The subject's assessment reflects a market value of \$142,760 or \$60.01 per square foot of living area, including land. The Board finds the subject's assessment is supported by the best comparable sale in this record. The Board gave little weight to the subject's sale due to its occurrence greater than 29 months prior to the assessment date at issue. In addition, the appellant failed to disclose information as to the length of time the property was exposed on the open market. The appellant partially completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related and the property was sold by the owner, however, the appellant failed to disclose whether the subject property was advertised, the manner in which the property was advertised and the length of time the subject was marketed. The Property Tax Appeal Board's appeal form requires Section IV is to be completed when arguing overvaluation based on a recent sale. Furthermore, the Board finds the subject's July 2009 sale date is not recent, when arguing overvaluation as of the January 1, 2012 assessment date at issue. The appellant submitted a copy of the Settlement Statement and an affidavit from the appellant, however, these documents do not disclose the length of market exposure, which is an important element of determining whether an arm's length transaction occurred. The Board gave less weight to the board of review's remaining comparable sales due to their sale dates occurring greater than 24 months prior to the assessment date at issue. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
