

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rita Glass  
DOCKET NO.: 12-28305.001-R-1  
PARCEL NO.: 20-11-111-008-0000

The parties of record before the Property Tax Appeal Board are Rita Glass, the appellant, by attorney Adam E. Bossov of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,676  
**IMPR.:** \$40,502  
**TOTAL:** \$48,178

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story row house of masonry construction. The dwelling is approximately 122 years old and has 2,104 square feet of living area. Features of the home include a full unfinished basement, central air conditioning and two fireplaces. The property has a 2,843 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,178. The subject property has an improvement assessment of \$40,502 or \$19.25 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties to this appeal submitted information on a total of 13 suggested equity comparables. The Board finds the appellant's comparables #2, #3 and #5 had significantly more living area than the subject and comparable #1 was three-story, not two-story like the subject. Board of review comparables #2 and #4 were also three-story buildings and comparable #4 had significantly more living area than the subject. Due to these differences, four of the appellant's comparables and two of the board of review comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3. These comparables were located in the same block as the subject and were also very similar in story height, masonry construction, age, living area and foundation. As further support, the appellant's comparables #4 and #6 through #9 had the same assigned neighborhood code as the subject and were very similar in story height, age, living area and foundation. The seven best comparables had improvement assessments that ranged from \$13.19 to \$19.99 per square foot of living area. The subject's improvement assessment of \$19.25 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
