

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mavrobros LLC  
DOCKET NO.: 12-28519.001-R-1  
PARCEL NO.: 20-23-104-078-1003

The parties of record before the Property Tax Appeal Board are Mavrobros LLC, the appellant, by attorney Edwin M. Wittenstein, of Worssek & Vihon in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$798  
**IMPR.:** \$3,502  
**TOTAL:** \$4,300

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a condominium unit located in a three-unit building of brick exterior construction. The building was constructed in 2005. The property is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on October 29, 2010 for a price of \$43,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,090. The subject's assessment reflects a market value of

\$130,900, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted a brief, which revealed the subject's 2010 sale was transferred by Special Warranty Deed, the property was the subject of a foreclosure proceeding prior to its sale and the appellant failed to provide substantive evidence that the sale was an arm's-length transaction.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in October 2010 for a price of \$43,000, even though the sale occurred greater than 14 months prior to the January 1, 2012 assessment date at issue. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 11 days. In further support of the transaction, the appellant submitted a copy of the settlement statement and Multiple Listing Service (MLS) sheet regarding the subject property. The settlement statement disclosed the amount of Broker Fees paid at closing and the Multiple Listing Service (MLS) sheet disclosed that the subject property does need some repairs and is being sold "As-Is". The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Furthermore, the board of review failed to provide recent comparable sales that would have supported the subject's 2012 assessment, in relation to the subject's 2010 arm's-length transaction. Based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
