

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Tsichlis
DOCKET NO.: 12-28632.001-C-1
PARCEL NO.: 13-30-102-001-0000

The parties of record before the Property Tax Appeal Board are Nick Tsichlis, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,003
IMPR.: \$119,097
TOTAL: \$149,100

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board (Board) finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 7,620 square foot parcel of land improved with a 52-year old, one-story, commercial building. The property is located in Jefferson Township, Cook County and is classified as 5-17 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted sales information on six comparables. The appellant lists the subject

as containing 8,200 square feet of building area without further explanation.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,375. The subject's total assessment reflects a market value of \$745,500 using the Cook County Ordinance level of assessment of 25% for class 5 properties.

In support of its contention of the correct assessment the board of review lists five sales comparables. The board of review listed the subject as containing 7,455 square feet of building area and submitted the property record card which includes a drawing of the subject's perimeter.

Conclusion of Law

As to the subject's size, the Board finds the appellant failed to provide any evidence to show to support their assertion of the subject's size. Moreover, the board of review submitted a drawing of the subject's perimeter. Therefore, the board finds the subject contains 7,455 square feet of building area which reflects a market value of \$100.00 per square foot.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's comparables. These properties sold from January 2010 to August 2011 for prices ranging from \$41.40 to \$80.65 per square foot. In comparison, the appellant's assessment reflects a market value of \$100.00 per square foot which is above the range established by the comparables. Based on the record and after adjustments to the comparables, the Board finds the appellant did demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
