

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patty Altmin
DOCKET NO.: 12-29166.001-R-1
PARCEL NO.: 04-11-304-004-0000

The parties of record before the Property Tax Appeal Board are Patty Altmin, the appellant, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,553
IMPR.: \$68,010
TOTAL: \$96,563

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 55-year-old, 1.5-story dwelling with 3,964 square feet of living area of frame and masonry construction. Features of the home include a central air conditioning, a fireplace and a three-car garage. The property has a 30,056 square foot site and is located in Northfield Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the basis of the appeal. In support of those argument, the appellant submitted information on three suggested equity comparables with sales data on each property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,563. The subject's assessment reflects a market value of

\$965,630 or \$243.60 per square foot of living area, including land, when applying the 2012 level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four suggested comparable sales with sales data on one of the properties.

In written rebuttal, appellant's attorney distinguished the board of review's comparables. Counsel also submitted an "Amended Assessment Grid" withdrawing the sales data originally provided along with the appellant's suggested equity comparables. In addition, counsel submitted sales data on three new suggested comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the appellant's new sales comparables submitted in rebuttal to be in violation of Section 1910.66 of the Property Tax Appeal Board Rules. As such, the Board gives no weight to the three new sales comparables. The Board further finds that after withdrawing the originally submitted sales comparables, the appellant failed to provide a sufficient number of sale comparables under Section 1910.65(c)(4) of the Board's Rules. Therefore, based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #1, and the board of review's comparables #1 and #4. These comparables had improvement assessments that ranged from \$10.06 to \$21.44 per square foot of living area. The subject's improvement assessment of \$17.60 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
