

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yvonne Gantt  
DOCKET NO.: 12-29929.001-R-1  
PARCEL NO.: 20-34-416-008-0000

The parties of record before the Property Tax Appeal Board are Yvonne Gantt, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,334  
**IMPR:** \$ 871  
**TOTAL:** \$3,205

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 68 year-old, two-story dwelling of masonry construction containing 1,016 square feet of living area. Features of the home include a full unfinished basement. The property has a 3,335 square foot site and is located in Hyde Park Township, Cook County. The property is a class 2-10

property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on four comparable sales and evidence disclosing the subject property was purchased on October 20, 2011 for a price of \$33,075. The appellant filled out information on Section IV-Recent Sale Data of the Residential Appeal disclosing that the subject was sold by auction, was not advertised for sale and was sold in settlement of a foreclosure. The appellant also submitted a settlement statement and the Special Warranty Deed disclosing the subject's sale on October 20, 2011 from seller Associated Bank. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,694. The subject's assessment reflects a market value of \$89,721 or \$88.31 per square foot of living area, when using the board of review's indicated size of 1,016 square feet and when using the 2012 three-year median level of assessment of 9.69% for class 2 property as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales and on the 2011 sale of the subject for \$33,075.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has met this burden of proof and a reduction in the subject's assessment is warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in October, 2011 for \$33,075

is a "compulsory sale." The appellant disclosed that the sale was in settlement of a foreclosure. A "compulsory sale" is defined as:

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

However, when there is a recent sale of the subject, and that sale is a compulsory sale, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. The Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

In determining the fair market value of the subject property, the Board looks to the evidence presented by the parties. Although the appellant's recent sale appears to have been a

compulsory sale, it does reflect the fair market value based upon an analysis of recent sales of comparable properties. The Board finds the appellant's comparables #1, #2, #3 and #4 set the range of market value for the subject. These comparables were similar to the subject in location, style, construction, features, age, living area and land area. They ranged from \$27.00 to \$32.89 per square foot of living area including land. The subject's assessment reflects a market value of \$88.31 per square foot of living area, including land, which is above the range established by the best comparable sales in this record.

Since there is supporting evidence that the sale price of the subject was at its fair cash value, the Board finds that the subject is overvalued and holds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
