

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Finn
DOCKET NO.: 12-30062.001-R-1
PARCEL NO.: 14-33-207-029-0000

The parties of record before the Property Tax Appeal Board are Larry Finn, the appellant, by attorney Eli R. Johnson, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 33,075
IMPR.: \$106,818
TOTAL: \$139,893

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property contains two improvements. Improvement #1 is a 131 year-old, two-story dwelling of masonry construction containing 862 square feet of living area. Features of the home include a slab foundation and a two and one-half-car garage. Improvement #2 is a 131 year-old, two-story dwelling of masonry construction containing 3,358 square feet of living area. Features of the home include a full finished basement. The property has a 4,725 square foot site located in North Chicago Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables for Improvement #2. The appellant did not submit comparable properties in support of its

argument for Improvement #1. The appellant requested a total assessment reduction to \$112,458.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,893. Improvement #1 has an assessment of \$28,074, or \$32.57 per square foot of living area. Improvement #2 has an assessment of \$78,744, or \$23.45 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables for each improvement, with sale data on one of the comparables for Improvement #1. The board of review also submitted information on the December 2012 sale of the subject for the price of \$2,300,000.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity for Improvement #1 to be the board of review's comparables #1, #2 and #4. These comparables had improvement assessments that ranged from \$32.41 to \$33.58 per square foot of living area. The subject's Improvement #1 assessment of \$32.57 per square foot of living area falls within the range established by the best comparables in this record. The Board finds the best evidence of assessment equity for Improvement #2 to be the appellant's comparable #1, and the board of review's comparables #1 and #4. These comparables had improvement assessments that ranged from \$21.81 to \$33.38 per square foot of living area. The subject's Improvement #2 assessment of \$23.45 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
