

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jairo Martin  
DOCKET NO.: 12-30134.001-R-1  
PARCEL NO.: 13-26-101-009-0000

The parties of record before the Property Tax Appeal Board are Jairo Martin, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,500  
**IMPR.:** \$27,724  
**TOTAL:** \$32,224

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story multi-family dwelling of masonry construction with 2,183 square feet of living area. The dwelling is 56 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on August 14, 2009 for a price of \$290,100. The appellant also submitted an appraisal estimating the subject had a market value of \$295,000 as of July 17, 2009. The appellant's evidence included a Closing Statement and an affidavit from the appellant. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,224. The subject's assessment reflects a market value of \$322,240 or \$147.61 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

The appellant submitted a rebuttal brief critiquing the board of review's submission and requesting the appeal be written on the evidence in the record.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the board of review's comparable #1. This property was similar to the subject in exterior construction, age, size, features and also sold more proximate in time to the January 1, 2012 assessment date at issue. The property sold in August 2011 for \$352,000 or \$150.36 per square foot of living area, including land. The subject's assessment reflects a market value of \$322,240 or \$147.61 per square foot of living area including land, which is supported by the best comparable sale in this record. The Board gave less weight to the subject's August 2009 sale, due to its occurrence greater than 28 months prior to the assessment date at issue. The Board also gave less weight to the appellant's July 2009 appraisal, as the appraisal relied on sales from 2009, which would not be probative of the subject's market value as of January 1, 2012. Likewise, the Board gave less weight to the remaining sales presented by the board of review, due to their sale dates occurring greater than 17 months prior to the assessment date at issue. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
