

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eric Cruz
DOCKET NO.: 12-30158.001-R-1
PARCEL NO.: 13-26-122-010-0000

The parties of record before the Property Tax Appeal Board are Eric Cruz, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,750
IMPR.: \$10,450
TOTAL: \$14,200

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of frame and masonry construction with 1,848 square feet of living area. The dwelling is 112 years old. Features of the home include a full finished basement and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased in March 2011 for a price of \$142,000. The appellant's evidence supporting the subject's arm's-length sale price included the Settlement Statement and an affidavit from the appellant. The appellant's overvaluation evidence included an appraisal estimating the subject had a market value of \$142,000 as of

February 11, 2011. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,474. The subject's assessment reflects a market value of \$204,740 or \$110.79 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

The appellant submitted a rebuttal brief critiquing the board of review's submission and requesting that the appeal be written on the evidence in the record.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in February 2011 for a price of \$142,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant partially completed Section IV - Recent Sale Data of the appeal disclosing the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service (MLS). The appellant's affidavit disclosed that the buyer and seller were not related. The length of exposure time the subject was marketed was not disclosed by the appellant. In further support of the transaction the appellant submitted a copy of the Settlement Statement, which revealed the amount of Broker Fees that were paid at closing. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave less weight to the board of review's comparable sales grid analysis, as this evidence does not overcome the weight of the subject's arm's-length sale, which occurred 9 months prior to the January 1, 2012 assessment date at issue. In addition, one sale was considerably smaller and had a slab foundation, and another sale was considerably larger, when compared to the subject. Based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
