

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mariusz Stanisz
DOCKET NO.: 12-30162.001-R-1
PARCEL NO.: 13-09-311-045-0000

The parties of record before the Property Tax Appeal Board are Mariusz Stanisz, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,750
IMPR.: \$25,900
TOTAL: \$29,650

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story apartment building of masonry construction. The property is located in Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted evidence showing that the subject sold March 29, 2011 for \$296,500. This evidence included an owner affidavit stating that the sale occurred on March 29, 2011 for \$296,500, was not a transfer between related parties, the property was listed on the open market, and the sale was an arm's length transaction. The appellant also included a copy of the warranty deed.

In further support of this market value argument, the appellant submitted an appraisal indicating that the subject had a value of \$300,000 as of March 28, 2011. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,470. The subject's assessment reflects a market value of \$404,700, including land, when applying the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance.

In support of its contention of the correct assessment, the board of review submitted four equity comparables with sale information on the comparables and the subject property.

In rebuttal, the appellant argued that the board of review's comparables should be given no weight because they were based on raw, unadjusted data, and because they were dissimilar to the subject as to various key property characteristics. The appellant also submitted a copy of the 2006 PTAB synopsis of representative cases. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in March 2011 for \$296,500. The appellant provided evidence demonstrating the sale had the elements of arm's length transaction and in support of the transaction, The appellant submitted evidence showing that the subject sold March 29, 2011 for \$296,500. This evidence included an owner affidavit stating that the sale occurred on March 29, 2011 for \$296,500, was not a transfer between related parties, the property was listed on the open market, and the sale was an arm's length transaction. The appellant also included a copy of the warranty deed and an appraisal supporting the sale price. Lastly, the board of review failed to provide any evidence to challenge the arm's length nature of the transaction.

Based on this record, the Board finds the subject property had a market value of \$296,500 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
