

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Igor Kroin  
DOCKET NO.: 12-30308.001-R-1  
PARCEL NO.: 10-20-428-007-0000

The parties of record before the Property Tax Appeal Board are Igor Kroin, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,950  
**IMPR.:** \$17,040  
**TOTAL:** \$21,990

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of masonry construction with 1,490 square feet of living area. The dwelling is 50 years old. Features of the home include a partial finished basement, central air conditioning and a two-car garage. The property has a 6,600 square foot site and is located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on December 11, 2012 for a price of \$219,900. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$21,900.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,982. The subject's assessment reflects a market value of \$299,820 or \$201.22 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales.

The appellant submitted a rebuttal brief critiquing the board of review's submission and requesting the appeal be written on the evidence in the record.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in December 2012 for a price of \$219,900. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant partially completed Section IV - Recent Sale Data of the appeal disclosing the property was sold using a Realtor and the property had been advertised on the open market with the Multiple Listing Service (MLS). In further support of the transaction the appellant submitted a copy of the Settlement Statement, which disclosed the amount of Broker Fees that were paid at closing. The appellant's affidavit revealed that the purchase was not a transfer between family or related corporation. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave less weight to the board of review's Comparable Sales Grid Analysis, as this evidence does not overcome the weight of the subject's arm's-length sale transaction. In addition, the board of review's sales occurred greater than 14 months prior to the assessment date at issue. Based on this record the Board finds a reduction in the subject's assessment is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
