

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dorothy Wnek
DOCKET NO.: 12-30448.001-R-1
PARCEL NO.: 13-28-208-033-0000

The parties of record before the Property Tax Appeal Board are Dorothy Wnek, the appellant(s), by attorney Julie Realmuto, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,750
IMPR.: \$16,148
TOTAL: \$19,898

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5 story dwelling of frame and masonry construction. The dwelling was constructed in 1924. Features of the home include a full basement and a two-car garage. The property has a 3,750 square foot site and is located in Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The appellant's comparables range: in building size from 1,243 to 1,296 square feet of living area; in age from 83 to 89 years; and in improvement assessments from \$7.48 to 11.51 per square foot of living area. The appellant's comparables #1 and #2 appear to be one prorated improvement, thereby, the improvement assessment is \$14.96 per square foot of living area. The appellant's asserted the subject's building size as 1,098 square feet of living area with no further information.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,898. The subject property has an improvement assessment of \$16,148 or \$9.79 per square foot of living area when using 1,650 square feet of living area as listed by the board of review. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The board of review's comparables range: in building size from 1,440 to 1,792 square feet of living area; in age from 87 to 94 years; in location 1/4 mile from the subject property; and in improvement assessments from \$12.34 to \$14.13 per square foot of living area. The board of review evidence documents reflect a building size of 1,650 square feet of living area and includes the subject's property characteristic and a brief to support this.

Conclusion of Law

As to the subject's size, the Board finds the appellant failed to submit any evidence to support his assertion of the subject's size. Therefore, the Board finds the subject contains 1,650 square feet of living area.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of building size and assessment equity to be the *board of review's evidence specifically comparables #2, #3, and #4*. These comparables had improvement assessments that ranged from \$12.34 to \$14.13 per square foot of living area. The subject's improvement assessment of \$9.79 per square foot of living area falls *below* the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
