

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zaijie Wang  
DOCKET NO.: 12-30483.001-R-1  
PARCEL NO.: 17-18-316-093-0000

The parties of record before the Property Tax Appeal Board are Zaijie Wang, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 2,377  
**IMPR:** \$ 15,743  
**TOTAL:** \$ 18,120

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story dwelling of masonry construction with 1,895 square feet of living area. The dwelling is 20 years old. Features of the home include a central air conditioning and a one-car garage. The property has a 951 square foot site and is located in West Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales. Further, the appellant submitted an appraisal estimating the subject property had a market value of \$187,000 of September 26, 2011.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,129. The subject's assessment reflects a market value of 372,848 \$ or \$196.75 per square foot of living area, including land, when applying the 2012 three year average level of assessment for class 2 property of 9.69% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

In rebuttal, the appellant submitted additional sales and an appraisal which could not be considered by the Board per the property tax Appeal Board's rules. **Section 1910.66 (c)** Rebuttal evidence shall not consist of new evidence such as an appraisal or newly discovered comparable properties. A party to the appeal shall be precluded from submitting its own case in chief in the guise of rebuttal evidence.

#### Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$187,000 as of the assessment date at issue. Since market value has been established the 2012 three year median level of assessment for class 2 property of 9.69% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
