

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yun Baek
DOCKET NO.: 12-30599.001-C-1
PARCEL NO.: 10-28-202-014-0000

The parties of record before the Property Tax Appeal Board are Yun Baek, the appellant(s), by attorney Abby L. Strauss, of Schiller Strauss & Lavin PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,750
IMPR.: \$ 40,000
TOTAL: \$ 47,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, commercial building of masonry construction with 2,512 square feet of building area. The building was constructed in 1952. The property has a 3,100 square foot site and is located in Niles Township, Cook County. The subject is classified as a class 5 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased in a foreclosure sale on March 29, 2012 for a price of \$191,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,151. The subject's assessment reflects a market value of

\$312,604 or \$124.44 per square foot of building area, land included, when using the 2012 level of assessment for class 5 property of 25% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment the board of review submitted information on six comparable sales. The sales range in date from March 2007 to August 2010 and range in price from \$159.26 to \$207.62 per square foot of building area, including land.

In written rebuttal, the appellant's attorney stated that the board of review submitted unadjusted comparable sales that are insufficient to support the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in March 2012 for a price of \$191,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market and it had been on the market for 61 days. In further support of the transaction the appellant submitted a copy of the sales contract, settlement statement, deed, and listing sheet. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds that five of the board of review's six sales are stale as they occurred from March 2007 to December 2008. As such, the Board finds only board of review comparable #3 is a recent sale. As the board of review submitted only one recent sale, the Board finds the board of review's evidence to be insufficient to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$191,000 as of January 1, 2012. Since market value has been determined the 2012 three year average median level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 25% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
