

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mike Hanna
DOCKET NO.: 12-30889.001-R-1
PARCEL NO.: 04-10-113-001-0000

The parties of record before the Property Tax Appeal Board are Mike Hanna, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,755
IMPR.: \$56,653
TOTAL: \$65,408

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a one year-old, two-story dwelling of masonry construction. Features of the home include a full finished basement, air conditioning, two fireplaces and a two-car garage. The property has a 10,300 square foot site and is located in Northfield Township, Cook County. The property is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of these arguments, the appellant submitted information on 19 suggested equity comparables, eight of which also contained sales data. The

appellant also submitted an appraisal estimating the subject property had a market value of \$675,000 as of January 1, 2012. The appraiser conducted a physical analysis of the site and improvements, and included a plan of the first and second floors. The appraiser concluded that the improvement contained 3,236 square feet of living area. The appellant also submitted many color photographs of the exterior and interior of the improvement, a hand-written brief arguing the correct living area of the subject is 3,110 square feet. The appellant appended a letter from the architect who constructed the subject in support of his argument that 3,110 square feet is the correct size of the improvement. The appellant also submitted copies of his appeal to the Cook County Assessor, plans for both floors of the subject with hand-written notes on the second floor plan

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,414. The subject property has an improvement assessment of \$73,659 or \$21.54 per square foot of living area. The subject's assessment reflects a market value of \$850,506, or \$248.69 per square foot of living area including land, when applying the 2012 three-year median level of assessment for Class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.69% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables and four suggested sale comparables.

Conclusion of Law

For the purposes of this appeal only, the Board finds the appraiser's statement of 3,236 square feet of living area to be persuasive.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the subject property had a market value of \$675,000 as of the assessment date at issue. Since market value has been established the 2012 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.69% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)). As to the appellant's overvaluation argument based on recent sales, the Board finds the

appraisal to be the best evidence of market value. As to the appellant's assessment inequity argument, since the Board finds the best evidence of market value to be the appraisal, the Board finds no need to address this argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
