

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Corbett  
DOCKET NO.: 12-31200.001-R-1  
PARCEL NO.: 14-33-328-013-0000

The parties of record before the Property Tax Appeal Board are Sean Corbett, the appellant(s), by attorney Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,068  
**IMPR.:** \$37,835  
**TOTAL:** \$49,903

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1,724 square foot parcel of land improved with a 145-year old, two-story, frame, multi-family dwelling containing 2,498 square feet of living area. The property is located in North Chicago Township, Cook County and is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of the overvaluation argument the appellant submitted evidence disclosing the subject property was purchased in May 2009 for a price of \$350,000 or \$140.11 per square foot of living area. The appellants included a copy of the settlement statement which disclosed no fees for the involvement of a real estate broker. The appellant also included a copy of a prior 2003 Board decision on an unrelated property and the Real Property Transfer Tax Declaration (PTAX-203) for the subject. The PTAX-203 discloses

that the property is the appellant's is not the appellant's principal residence and that the property was not advertised for sale. The appellant requested an assessment of 10% of the sales price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,903. The subject's assessment reflects a market value of \$499,030 or \$199,77 per square foot of living area using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted a brief asserting that the subject property was not advertised for sale or subject to market conditions and that the sale was a compulsory sale. To support this, the board of review included copies of printouts from the recorder of deeds office listing the lis pendens for the subject, a copy of the circuit court complaint for Lis Pendens and Notice of Foreclosure, a copy of the trustee's deed, and the PTAX-203. The board of review also included evidence on four sale comparables. These properties sold from February 2010 to September 2011 for prices ranging from \$219.30 to \$488.54 per square foot of building area.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Illinois Supreme Court defined fair cash value as what the property would bring at a voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is ready, willing and able to buy but not forced to do so. Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d. 428 (1970). In addition, Section 1-50 of the Property Tax Code defines fair cash value as:

The amount for which a property can be sold in the due course of business and trade, not under duress, between a willing buyer and a willing seller. (35 ILCS 200/1-50)

The Property Tax Appeal Board finds the subject's sale does not meet at least one of the fundamental requirements to be considered an arm's-length transaction reflective of fair cash value. The Board finds the preponderance of the evidence clearly shows the subject property was not advertised or exposed for sale on the open market. Therefore, the subject's sale price was given little weight and is not considered indicative of fair market value.

Illinois Courts has stated fair cash value is synonymous with fair market value and is defined as the price a willing buyer would pay a willing seller for the subject property, there being no collusion and neither party being under any compulsion. Ellsworth Grain Company v Property Tax Appeal Board, 172 Ill.App.3d 552, 526 (4<sup>th</sup> Dist. 1988). Although the appellant's evidence may suggest the subject's transaction was between a willing, knowledgeable buyer and seller, the

Board finds the transaction was not advertised for sale in the open market and is not typical of the due course of business and trade. Thus, the general public did not have the same opportunity to purchase the subject property at any negotiated sale price.

The Board further finds that the board of review submitted four comparable properties that support the subject's market value based on its assessment. Therefore, the Board finds the subject is properly assessed and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
