

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Davis
DOCKET NO.: 12-31288.001-R-1
PARCEL NO.: 16-04-128-020-0000

The parties of record before the Property Tax Appeal Board are Robert Davis, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,024
IMPR.: \$12,771
TOTAL: \$15,795

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property contains an 88 year-old, two-story dwelling of masonry construction with 2,760 square feet of living area. Features of the home include a full finished basement containing an apartment and a two-car garage. The property has a 3,780 square foot site and is located in West Chicago Township, Cook County. The property is a Class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the assessment inequity argument, the appellant submitted information on four equity comparables. In support of the overvaluation argument, the appellant submitted an appraisal estimating the subject property had a market value of \$163,000 as of September 21, 2012. The appraisal disclosed the subject dwelling was occupied by the owner. The appellant requested a total assessment reduction to \$16,105 when applying the 2012 three-year average median level

of assessment for Class 2 property as determined by the Illinois Department of Revenue. (86 Ill.Admin.Code §1910.50(c)(2)).

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,820. The subject property has an improvement assessment of \$16,796, or \$6.45 per square foot of living area. The subject's assessment reflects a market value of \$204,541 when applying the 2012 three-year average median level of assessment of 9.69% for Class 2 property as determined by the Illinois Department of Revenue. (86 Ill.Admin.Code §1910.50(c)(2)).

In support of its contention of the correct assessment, the board of review submitted information on four unadjusted suggested equity comparables and four unadjusted sales comparables.

In rebuttal, the appellant argued that the comparables submitted as evidence by the board of review should be given diminished weight because they were based on raw, unadjusted sales data. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the subject property had a market value of \$163,000 as of the assessment date at issue. Since market value has been established, the 2012 three-year average median level of assessment of 9.69% for Class 2 property as determined by the Illinois Department of Revenue shall apply, in accord with the appellant's request. (86 Ill.Admin.Code §1910.50(c)(2)). As a result, the Board finds the subject property is equitably assessed, thereby obviating the need to rule on the appellant's assessment inequity argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
